

Nabi-Bolus

agilan® complementary feed

mineral feed

To increase the desire to drink
for calves

Composition

Sodium bicarbonate
Sodium acetate

Analytical constituents

Crude protein	0 %
Crude fibre	1.7 %
Crude fat	1.4 %
Crude ash	58.4 %
Sodium	26.9 %
Calcium	0 %
Phosphorus	0 %
Magnesium	0 %

Content of additives per kg

Preservatives:

Sodium propionat (E281) 2,000 mg

Recommend use

A reduced desire of calves to drink as a result of metabolic acidification can be counteracted by neutralization with sodium bicarbonate as a buffer.

Feeding recommendation

Give 1 bolus immediately at the first sign of a changed faecal consistency. Add 1 delayed after the next 3 meals. Always offer fresh water for free disposal.

Storage

Seal container after use and store in a dry place.
